

Celebrate Earth Day with Adventures in Learning

April 17 – 19

CELEBRATE EARTH DAY ALL WEEK

Start by Learning How to Make Your Home and Community Healthier.

April 17 - 19 • Sunnyvale Library • 665 W. Olive Ave. • Library Program Room

Join us to find out how your daily choices can make a big difference
in the quality of living in your home and the environment.

Protecting Your Water – Water Pollution and Prevention **Monday, April 17, 7 p.m. – 8:30 p.m.**

Learn about watersheds, and which watershed you live in. Find out how our daily activities at home and work contribute to pollution in our watershed. This presentation and water pollution demonstration introduces simple ways you can help prevent water pollution.

Greening Your Home: Materials and Strategies **Tuesday, April 18, 7 p.m. – 9 p.m.**

Learn how to create a home that's healthy for you and your family, saves money and is easy on the environment! You can reduce utility bills, and make smart choices when selecting materials and appliances. Whatever your style or budget, you can enjoy the benefits of a green home!

Choosing Cloth for Your Child **Wednesday, April 19, 2:30 p.m. – 3:30 p.m.**

You can learn why Sunnyvale promotes the use of cloth diapers. Included in this workshop will be a parent, currently using 100% cotton diapers, demonstrating just how simple it is for today's moms and dads to diaper using the no pinning method.

Cleaning Green

Wednesday, April 19, 1 p.m. – 2 p.m. Also at Community Center, Neighborhood Rm., 550 E. Remington Dr., **7 p.m. – 8:30 p.m.**

Annie B. Bond brings more than 20 years of experience as a leading authority and writer about the connections between the environment, personal health and well-being. She offers alternatives to a home of toxic products and accumulating household hazardous waste.

Experience hands-on demonstrations of non-toxic alternatives to cleaning, pest control and other home-care concerns. You can establish a naturally, healthy home!
